To whom it may concern,

I urge you to cancel your cease and desist for Uber. Not only does Uber provide safe reliable transportation at a reasonable price but Uber also keeps drunks off the road at night. Most other available transportation is either unreliable or very expensive. I have heard and experienced about cabbies taking advantage of people. Regards.

As a college student at USC- Columbia campus, I frequently go to 5 points and the Vista. Uber is way better than any of the cab companies in Columbia. As a female it is important to not wait long on the streets like you do with regular yellow cab and such. I pick uber because I know I won't be waiting long. Everyone is background checked with uber, also making me feel safe. I think it is ridiculous that this safe ride sharing platform is being taken away.

To whom it may concern-

Until the taxis in Charleston are plentiful, clean and arrive on-demand Charleston needs UBER.
Ubers will still be a more pleasant experience.

You should be working towards the best interests of your citizens, not the interests of the taxi commissions.

Subject: UBER

Hi,

I am disappointed in your recent actions to shut down the UBER service in South Carolina. I hope this is re-evaluated because they offer a safe and cheap alternative to taxis, which are truthfully not usually available or as prompt as UBER. I am sure there are politics involved in this decision and hope that this is reversed.

Andrew
